

## **Carenet Healthcare Services Wins Additional Certification**

*NCQA HIP certification is an established industry credential for healthcare organizations*

**November 2010 (San Antonio)** – [Carenet Healthcare Services](#), a [solutions-driven](#) organization for [the healthcare industry](#), was recently awarded the National Committee for Quality Assurance ([NCQA Health Information Product \(HIP\)](#) certification.

NCQA is a private, non-profit organization dedicated to improving health care quality. The [NCQA HIP](#) rating is a significant achievement in the healthcare industry. Many health-focused organizations seek the certification to bolster their standings, because of its stringent requirement for attainment and program for continued compliance.

This is Carenet's initial attempt at securing the NCQA HIP certification. Carenet is proficient in implementing and managing a diverse set of solutions recognized by NCQA HIP, [including Health Appraisals](#), Pharmacy Benefits, Health Information Lines as well as Wellness and Prevention solutions. The company has been an unwavering source of expert clinical support to contacts for over 20 years.

“The NCQA rating is a major win for us. It underlines our commitment to deliver safe quality solutions on behalf of our customers,” said John Erwin, president of Carenet Healthcare Services. “Our customers trust us with their client's care because we share their values, goals and focus on service. This is what makes us great partners in providing unsurpassed care.”
